

# Warrawee Angus Stud Bull Sale

**With Guest Vendor Sirref Angus**

12pm | Friday 28th July 2023

1724 Kingsthorpe-Haden Rd Goombungee, QLD

Helmsmen Auction On Property & Online

**26 LOTS ON OFFER**

Temperament ~ Performance ~ Legacy

Interfaced with  AuctionsPlus™

# Why Helsmen? & how it works...

## The benefits

- You have more time to consider lodging a bid. You can place genuine bids on any bull of your choice at any time during the sale period.
- You have the opportunity to re-assess each lot during the sale period without any pressure to make an instant decision.
- You have the opportunity to take home the bulls you want, irrespective of lot order.
- Across multiple bulls Helmsman gives you flexibility and time to average your purchase costs.

## How it works

- On arrival, intending purchasers must register at the agent office and receive a bid card number.
- All bulls are displayed for inspection, with relevant information provided in the catalogue and additional information available on supplementary sheet.
- The sale is opened and the timer starts. When the sale commences all animals are on the market simultaneously. All lots are open for sale for the full duration of the sale and will conclude on all lots at the same time. Timer - sale will be open for 1 hour before the timer count down starts, using the Auctions plus timer from the last active bid to close the sale.
- Buyers may bid on any animal regardless of the lot number by completing a bidding card and submitting to the office. Alternatively Auctions Plus will be live and online bidding available.
- You may open bidding at the reserve price indicated for each animal and contest bids in multiples of no less than \$500.00.
- A bid once submitted to the office and recorded cannot be retracted. The person responsible for submitting such a bid will be responsible for it until it is outbid.
- Following the completion of the sale the agent office will close for a period to finalize data and generate documents for successful purchasers to check off and complete purchaser instructions.

# Warrawee Angus Stud Bull Sale

WITH GUEST VENDOR SIRREF ANGUS

Helmsmen Auction On Property & Online

Interfaced with  AuctionsPlus™

12pm | Friday 28th July 2023

1724 Kingsthorpe-Haden Rd Goombungee, QLD

*Pre-sale inspections welcome.*

# WARRAWEE STUD SIRES

MOGCK ENTICE

QHF WWA BLACK ONYX

TE MANIA EMPEROR

LAWSONS MOMENTOUS M518

WARRAWEE THE GENERAL Q28

In an attempt to give purchasers the most reliable information possible, all of the bulls at Warrawee Angus have been genomically tested and parent verified therefore enhancing the accuracy of genetic estimates. Bulls are also fully registered through Angus Australia with three generation pedigrees.

**You can be assured that you know exactly what you're buying.**

**Temperament > Performance < Legacy**

# SALE INFORMATION

## Health Status

All bulls have been vaccinated with 7in1, PILIGURD, Pestiguard and Vibrio.  
All Bulls have been tested negative for persistently infected Pestivirus.  
Vendors are J-BAS 6.

## Fertility & Breeding Guarantee

All bulls have been semen and morphology tested and are guaranteed breeders. Any claim against the breeding ability for an animal purchased should be accompanied by a Veterinary certificate.

## Breeding Values

At Warrawee we use breeding values as an integral part of our breeding programme. We believe they are the best guide to how cattle will perform.

Do they work ??

One of the more interesting comments was made by Mark Gardner from Gardiners angus ranch in Kansas where they run 1500 breeders. The Gardiners have always recorded weights on animals long before breeding values were introduced. From 1964 to 1980 calves were weaned at 10 months weighing ave 523 lbs. EBV were introduced in 1980. After the use of bulls with high growth Gardiners are now weaning 10 month old calves at over 900 lbs

## Supplementary Sheets

Weights, fat depths, EMA & IMF scans, scrotal size, motility and morphology will be detailed on the supplementary sheets on sale day. Data will be available per vendor due to differing bull preparation, to allow for ease of reference on each program.

## Photos & Videos

Photos and videos will be used prior to the sale in advertising and cataloguing. We understand each animal can change rapidly however we endeavour to keep updated footage available to reflect the animal.

## Inspections

Inspections are welcome at any time prior to the sale by arrangement with vendors or agents. Bulls will be penned and available for viewing by 9am on sale day.

## Selling System

The sale will be conducted as a helmsmen auction and interfaced with Auctions Plus. Agents will operate under ALPA livestock auction terms and conditions of sale.

All buyers are required to register with the agents before the commencement of the sale. On completion of the sale successful purchased are to complete purchaser instructions in writing and provide to the agent when checking off.

# SALE INFORMATION

## **GST**

All lots will be sold GST exclusive. GST will be added into the purchase price as knocked down by the auctioneer. You will be invoice by the agent the purchase price plus GST.

## **Insurance**

We strongly recommend insurance for your purchase/s. Insurance can be arranged with the agents on sale day. All bulls are the buyer's responsibility from the fall of the hammer. Every care but not responsibility will be taken by the vendors between the fall of the hammer and loading for delivery.

## **Agent Rebate**

4% rebate will be paid to outside agents whom introduce purchasers in writing prior to the sale, and accompanies the client to the sale. Settlement within seven days is required for rebate to be applicable.

## **Risk & Liability**

Any person attending the sale do so entirely at their own risk. The vendors, selling agents, its members, subsidiary of relation corporations, officers, agents, employees and its principles, for themselves and for those whom the act, do not assume or accept any responsibility or liability of whatever nature for any injury or damage whatsoever, which may occur.

## **Sale Catalogue Disclaimer**

Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and Index values, are based on information provided by the breeder or owner of the animal. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, Angus Australia will assume no responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

All reasonable care has been taken by the vendor to ensure that the information provided in this catalogue is correct at the time of publication. However, neither the vendors nor the selling agents make any other representations about the accuracy, reliability or completeness of any information provided in this catalogue and do not assume any responsibility for this use or interpretation of the information included in this catalogue. You are encouraged to seek independent verification of any information contained in this catalogue before relying on such information.

# **SIRREF ANGUS**

**Steve and Bianca Ferris of SIRREF Angus are pleased and excited to be guest vendors at this year's Warrawee Angus Bull sale.**

**Steve is a fourth-generation farmer at their coastal property at Cedarton QLD. Steve and his father ran a successful beef and dairy operational until 2000. Steve and Bianca then set their vision to beef cattle production before starting their Angus Stud in 2009.**

**Our vision was to produce coastal bred cattle, with high growth rates, docility, fertility and exceptional figures. Through our AI program, we carefully selected Sires with exceptional phenotype and production figures to match.**

**We have retained all our females to date, although our bulls have been sold – from Beaudesert to Augathella, Longreach to Bundaberg and we are delighted to know they have thrived due to being coastal bred.**

**We have had the joy of watching our daughters Stephanie and Cassidy show our stud cattle at local shows, with remarkable success and the pride of bringing home two blue ribbons in the two classes we showed at the Ekka in 2019. This was a huge achievement and conformation of our vision and genetics leading the way for Sirref Angus.**

**We are hoping this opportunity sees more western buyers give our coastal bred bulls a go, we believe you will not be disappointed.**

# DISCLAIMER AND PRIVACY INFORMATION

## Attention Buyer

Animal details included in this catalogue, including but not limited to pedigree, DNA information, Estimated Breeding Values (EBVs) and Index values, are based on information provided by the breeder or owner of the animal. Whilst all reasonable care has been taken to ensure that the information provided in this catalogue was correct at the time of publication, Angus Australia will assume no responsibility for the accuracy or completeness of the information, nor for the outcome (including consequential loss) of any action taken based on this information.

## Parent Verification Suffixes

The animals listed within this catalogue including its pedigree, are displaying a Parent Verification Suffix which indicates the DNA parent verification status that has been conducted on the animal. The Parent Verification Suffixes that will appear at the end of each animal's name.

The suffix displayed at the end of each animal's name indicates the DNA parentage verification that has been conducted by Angus Australia.

PV : both parents have been verified by DNA.

SV : the sire has been verified by DNA.

DV : the dam has been verified by DNA.

# : DNA verification has not been conducted.

E : DNA verification has identified that the sire and/or dam may possibly be incorrect, but this cannot be confirmed conclusively.

## Privacy Information

In order for Angus Australia to process the transfer of a registered animal in this catalogue, the vendor will need to provide certain information to Angus Australia and the buyer consents to the collection and disclosure of that information by Angus Australia in certain circumstances. If the buyer does not wish for his or her information to be stored and disclosed by Angus Australia, the buyer must complete the form included below and forward it to Angus Australia. If the form is not completed, the buyer will be taken to have consented to the disclosure of such information.

.....

## BUYERS OPTION TO OPT OUT OF DISCLOSING PERSONAL INFORMATION TO ANGUS AUSTRALIA

If you do not complete this form, you will be taken to have consented to Angus Australia using your name, address and phone number for the purposes of effecting a change of registration of the animal(s) that you have purchased, maintaining its database and disclosing that information to its members on its website.

I, the buyer of animals with the following idents.....

.....

from member.....(name) do not consent to Angus

Australia using my name, address and phone number for the purposes of effecting a change of registration of the animals I have mentioned above that I have purchased, maintaining its database and disclosing that information to its members on its website.

Name: .....Signature: .....

Date: .....

Please forward this completed consent form to Angus Australia, 86 Glen Innes Road, Armidale NSW 2350.

If you have any questions or queries regarding any of the above, please contact Angus Australia on (02) 6773 4600 or email [office@angusaustralia.com.au](mailto:office@angusaustralia.com.au)
